Cannabis and Work

John Howard, MD, MPH, JD, MBA
Director, National Institute for Occupational Safety
and Health (NIOSH), Washington, DC

Learning Objectives: Participants will be able to 1) describe data about industries where cannabis consumption is most prevalent; 2) discuss hazards to workers in the cannabis industry; 3) explain the relationship between cannabis consumption and occupational injuries; and to 4) list the ways to determine worker impairment.

Sponsored by the Harvard- NIOSH Education and Research Center (T42 OH008416), the Environmental and Occupational Medicine and Epidemiology Program, the Harvard-NIEHS Center for Environmental Health (P30 ES000002), the Department of Environmental Health, and funded in part by the National Institute for Occupational Safety and Health.

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of The Harvard T.H. Chan School of Public Health and the Harvard Chan Education and Research Center. The Harvard T.H. Chan School of Public Health is accredited by the ACCME to provide continuing medical education for physicians.

The Harvard T.H. Chan School of Public Health designates this live activity for *0.75 AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

All HSPH faculty, students and staff are welcome to attend in person. All others, including those with a Harvard affiliation who do not have an HSPH appointment must participate through ZOOM. Pre-registration is required and will generate the ZOOM link. Please scan the QR code here or enter the link into your browser.
